

## VELCRO® HEAVY DUTY STICK ON TAPE

Heavy Duty is just that bit tougher than the everyday Stick On tape. These coins, strips and tapes have 50% more holding power thanks to the moulded plastic hook feature, and boast a seriously strong, water-resistant adhesive primed to cope with your most demanding indoor and some outdoor projects too.

### CARE & APPLICATION

VELCRO® Brand fasteners with heavy duty adhesive are recommended for indoor or outdoor use on most smooth surfaces, including plastic.

Application instructions:

1. Clean and dry surface before application.
2. Peel tape from fastener and press firmly into place.
3. Adhesive reaches maximum strength after 24 hours.

Note: Not recommended for fabrics, dashboards, flexible vinyl, or underwater use. Continued exposure to full sunlight can damage fastener.
